

MedCenter Your Minder Recordable Talking Alarm Clock (no adapter)

MedCenter Your Minder Recordable Talking Alarm Clock A talking alarm clock that allows you to record and play up to six personalised daily reminders in your own voice - even in your own language. Ideal for medication reminders, appointments, or daily routines.

- **Recordable Alarms:** Record up to six of your own alarm messages to alert users when it's time to take medication, eat, wake up, or perform daily tasks.
- **Multiple Daily Alarms:** Set up to six different daily alarm times with easy adjustment at any time.
- **Persistent Alarm Sound:** Alarm sounds periodically for up to one hour until the red "Alarm Acknowledged" button is pressed.
- **Loud Dual Speakers:** Powerful speakers ensure the alarm is heard clearly, even from another room.
- **Large LCD Display:** Clear, easy-to-read screen with backlight for day or night use.
- **Oversized Buttons:** Large, color-coded buttons make operation simple for users of all ages.
- **Easy to Use:** Simple setup with sliding selector and talking set features.
- **Flexible Alarms:** Change any or all of the six alarms whenever needed.
- **Alarm Control:** Easily toggle each alarm on or off as required.
- **Personalized Messages:** Record your own voice, sounds, or custom alerts in any language.
- **Message Duration:** Each recorded reminder can be up to 10 seconds long.
- **Power Source:** Powered by two (2) AA batteries (included). Optional AC adapter available separately.
- **Endless possibilities:** Record up to six personal daily alarms in your own or someone else's voice. Each alarm will play daily at your chosen time and repeat until the "Alarm Acknowledged" button is pressed. The current time

and date can be announced at any time by pressing the green "Talk" button.

- **Battery Safety Warning:** This product contains a button or coin cell battery. Hazardous if swallowed. Keep away from children. Can cause severe or fatal injuries in 2 hours or less if swallowed or inserted. Seek immediate medical attention if ingestion or insertion is suspected. Call the Australian Poisons Information Centre on 13 11 26 for 24/7 advice. Dispose of used batteries safely — wrap in sticky tape and place in an outside bin or recycle responsibly.
